### PLAYER POINTS POLICY

#### THE OBJECTIVE OF A PLAYER POINTS SYSTEM

Player movement has been identified as having a significant impact on the evenness of competitions and the viability of teams.

This document aims to provide mechanisms that will assist in minimising the impact of player movement on the competitiveness of the competition, without contravening the National Transfer Regulations.

Supporting this policy is a “Permission to Train” process for players wishing to train at another club, other than their own. This will formalise an informal process that has existed in the F&DJFL for many years.

In 2020 the Player Points system will apply to the South East Juniors U13’s and U14’s competitions and the AFL South East Regional U15’s to U18 competitions inclusive both male and female competitions. The Player Points system will apply to Frankston and District Junior Football League U13’s and U14 competitions from the 2021 season.

## SECTION 1. PLAYER POINTS

### AIM

To apply a player points system for the U13 – U18 age groups that will assist in the reduction of player movement from Club to Club within the Frankston and District Junior Football League (F&DJFL) and South East Juniors (SEJ).

This will contribute to creating evenness amongst teams and more even competitive competitions. Allocation of Points.

Every player in the U13 – U18 age groups will be allocated as a one (1) point player. Any player who transferred to another junior team within the F&DJFL (U15 to U18 age groups), SEJ or Regional Competition in the U13 - U18 age group will attract player points based on the category that they fit into as outlined below.

Player points will only apply to players who are registered in competitions conducted by the F&DJFL, SEJ or AFLSE Regional competition and players who are transferring from one club to another within the leagues listed above.

### TOTAL TEAMS POINTS

Teams in the U13 – U18 age groups can only play with a maximum of ten (10) transfer points in any given match unless the club has been granted dispensation by the League in writing.

For administrative purposes, the team sheet will be capped at;

- thirty-one (31) points per game (U13 to U14 age groups)
- thirty-six (36) points per game (U15 to U18 age groups)

The Registrar/Team Manager will be required to ensure that they have no more than ten (10) point's worth of transfer players on a team sheet for any given match.

The team could have the following player combinations;

- 2 x NAB/REP player transfers & 1 x transferred club player
- 5 x Club Players

The 10-point allowance allows teams to play (on any given match day) as many as five (5) FDJ/SEJ/Regional Transfer Players (at a 2-point value).

## PLAYER POINTS

The number of points allocated to a player will be as follows;

### **Category 1 – NAB or Representative Player Participant – 4 points**

Player selected for a NAB program who played in the current or previous season. \*

Player selected for the league representative squad in the current or previous season.  
This point value only applies to a transfer player.

**\* The current season is determined by the last season that the player played, with the previous season being the season before that.**

### **Category 2 – NAB or FDJFL/SEJ Rep Player (Returning to Previous Immediate Club) and League Top 3 Best & Fairest – 3 points**

Applies to players who;

- Transfer back to the club where he/she played a minimum of 40 games and was the immediate previous club that they played for.
- Finished top 3 in the League best & fairest

### **Category 3 – Club Player – 2 points**

Any player who does not fit into either of the categories above.

This point value only applies to a transfer player.

### **Category 4 – Non-Transfer Player – 1 point**

This value applies to every player in the U13 to U18 at a club who has not transferred in the current season.

Female players who have played in the mixed competition and have to transfer as their current club doesn't offer female-only teams.

Player who didn't participate in the season prior to transferring and doesn't fit into Category 1.

**Please note: If a player fits into one or more levels they attract the higher player point value.**

## REASSESSMENT OF PLAYER POINTS

Clubs may make an application in writing to the League for a reassessment of a player's point value where extenuating circumstances may apply.

The application must address the reason for reassessment, and any supporting evidence should be submitted with the application.

## DISPENSATION

Less than 18 Players Registered

Clubs that have teams that have less than 18 registered players and have already reached their maximum of ten (10) points of transfer players can apply in writing to the league for dispensation to the maximum of ten (10) points for transfer players.

If the application is approved the additional players;

- Cannot take the team numbers past twenty players.
- Can only come from Category 3.

## MERGED TEAMS

Clubs that have teams that are low on numbers and are not able to field a team may apply to the league to merge their team with another Club's team that also has low numbers and not able to field their team. The club that is housing the merged team may apply in writing to the league to consider exceeding the maximum of ten (10) points for transfer players on any given match.

In applying the club must provide;

- The reason why the two teams are required to merge
- A full list of players from both teams being considered for the merge

When assessing the application the league will consider all aspects of the merged team, taking into consideration the potential impact on the evenness of the competition if the application was approved.

## Special Transfers

Clubs may apply for exemptions for extenuating circumstances for a players transfer points to be reviewed such as moving house or residence, split families etc.

There is no limit to the number of personal transfers that can be applied for and granted in any given year, however the player can only come from Category 3.

## Female Pathway Players

Female players who have played in the mixed competition and have to transfer from their Club (as they do not field female-only teams) to another Club (that does field female-only teams) will not be allocated any transfer points. Once the transfer has been completed, they will be allocated one (1) point.

## APPLICATION OF POINTS

### Player

Every player in the U13 – U18 age group who was a registered player in the previous season will be allocated one (1) point before the opening of transfers. Players transferring from one club to another club will attract player points depending on the category that they fit into.

Category 3 players who have transferred and have therefore attracted points will receive a one (1) point reduction for each year that they stay at the club that they have transferred to. Category 1 and 2 players will retain their point value for two seasons, then receive a one (1) point reduction for each year that they stay at the club that they have transferred to. Their points will count towards the ten (10) points of transfer players on match day until the player is reduced to a one (1) point value.

Players who have transferred out of either the F&DJFL, SEJ or Regional competition and transfer back to any of those competitions in the same competition year will retain the same point value that they had before they transferred out of the competition.

The League will update the point values for each season with clubs having an opportunity to review those point values to ensure that they are correct. The club is ultimately responsible for the player having the correct point value applied.

## RESPONSIBILITY

### Club Registrar

The responsibility lies with the Registrar to monitor the number of points that are transferring into a team, so they do not exceed the total amount of (ten) 10 transfer points on match day.

### Team Manager

It is the responsibility of the team manager to ensure that they do not have any more than ten (10) points of transfer players selected on a team sheet for any given match throughout the season.

## TRANSFERS WITHIN THE FRANKSTON & DISTRICT JUNIOR FOOTBALL LEAGUE

For players in the Frankston and District Junior Football League U8's to U14's the following provisions shall apply with respect to player transfers;

- a) Clubs have the ability to accept no more than 4 transferred players of another affiliated club of FDJFL and SEJ in the same age group unless;
  - The club in which the players are transferring from agrees to such transfer
  - Every application over the 4 allowable transfers is approved by the league.
- b) In the event that a club from which more than four (4) players wish to transfer in accordance with this rule does not agree to the transfer(s), the player (s) so refused may make written application to the League for special permission to transfer.

The League shall consider all material and matters relevant to the application, including but not limited to the impact on the club from which transfers is sought and may approve or refuse the application in his/her absolute discretion.

- c) Players transferred in the U15 to U18 age groups please refer to the Player Points system at the start of this document.

## POLICY ENFORCEMENT

Given the Junior Player Points System will be managed via the SportsTG System, and if the correct procedures are applied it is envisaged there will be minimal issues in the management of the Player Points.

## SANCTIONS

The player points policy is designed to reduce player movement and address targeted recruitment of players who fit within Category 1 & 2 of this policy. The aim is not to restrict player movement rather to sustain club teams and where a club acquires more than their allowed ten (10) player point and are therefore rotating those players through a team for the season the following sanctions will be applied;

- Matches reversed and receive no match ratio or percentage points for (2) matches
- Incur a fine of no more than \$1000

Where a club recruits 4 or more players from an opposition club playing in the same age group the following sanctions will be applied;

- Matches reversed and receive no match ratio or percentage points for (2) matches
- Incur a fine of no more than \$1000

Clubs that have teams that play more than the allowed ten (10) player points for any given match without receiving a written dispensation from the League will be deemed to be playing an ineligible player in accordance with the league by-laws.

## APPENDIX D

### REGIONAL TEAM NOMINATION, GRADING AND CLUB TEAM FORMATION POLICY

#### **KEY PRINCIPLES & OBJECTIVES**

In accordance with the AFL Australian Football Match Policy the REGIONAL TEAM NOMINATION, GRADING AND CLUB TEAM FORMATION POLICY aims to provide the necessary framework that provides the best possible environment for junior players to maximize participation, skill learning and development.

The grading of even competitions by the League provides the opportunity for participants to develop their skills appropriate to their age and stage of development. It is important that the match environment in junior football is one of encouragement, learning and development over a focus on 'winning'.

The **REGIONAL TEAM NOMINATION, GRADING AND CLUB TEAM FORMATION POLICY** aims to provide the guiding principles in line with the Australian Football Match Policy for the nomination, grading and make up of teams within the Junior competitions in AFL South East (AFLSE).

#### **POLICY REVIEW**

This Policy shall be reviewed by the League annually and in line with the Australian Football Match Policy. Member clubs will be given an opportunity to provide feedback during the review period.

In doing so, the policy will remain current and in line with the objectives of the AFL, AFL Victoria and AFLSE.

#### **LEAGUE COMPETITION STRUCTURE PROCESS**

The League Competition Structure Process shall consist of the following stages:

- Promotion & Relegation (December)
- Team Nominations (1<sup>st</sup> March) & Club Submissions (close after Round 2)
- Assessment Rounds (Round 1 - 4)
- Home and Away Season (Round 1 – 12 or 14)

#### **Promotion & Relegation**

As part of the team nomination process club Registrars/Secretaries will have access to a list of teams in the competition management system for the upcoming season including the age group and division that each team will commence the season in with the following criteria being used to determine that make up;

- The team that won the grand final will be considered for promotion to the next available higher division.
- The team that finished on the bottom of the ladder will be considered for relegation to the next available lower division.

- A team that plays off in the grand final and is the runner up will also be considered for promotion to the next available higher division.
  
- A team that finishes on top of the ladder after completion of the Home & Away season but does not play off in the Grand Final will be considered for promotion to the next available higher division.
  
- U17 Boys teams that have 4 or more top age players will be classed as a hybrid team and may be considered for placement in a higher division.
  
- U17 Boys teams that have less than 4 top age players will be classed as a bottom age team and may be considered for placement in a lower division.
  
- Clubs are required to allocate players to teams in the competition management system and provide that team list to the League if requesting any movement of teams from one division to another.

\*\* Please note that a Club may apply to have a team remain in the division that it finished in the previous season if the teams average winning margin is 30 points or under the average winning margin for that competition. All applications are required in writing to the League by the Club Secretary. \*\*

### **Team Nominations**

1. In accordance with the by-laws “All Affiliated Clubs shall advise the League no later than 1 March in each year by using the competition management system, the number of teams it intends to field in the coming season in the appropriate age group”.
  
2. Nominations for new teams will be required to be in writing and approved by the League. The League will need to be satisfied the team has been created in line with the Leagues policies and by-laws and not to the detriment of another team or club.

Team Nominations shall include the following:

- a. Age Group and Division for which the team has been placed in line with the promotion and relegation process.
  
- b. Name of the team (consistent with team’s previous name)
  
- c. Team nominations will only be considered where the number of registered players is above;
  - U8, U10 Girls & U12 Girls - 8 players
  - U9, U10, U14 Girls, U16 Girls & U18 Girls – 12 players
  - U11 – U17 – 16 players

Where a Club has a team with less than the players listed above, the League will work closely with the Club to form a team with players from other Clubs or find a position for the players at another Club.

- d. Team nomination deposit to be dealt with as follows:
  - i. Clubs will be invoiced \$100 per team. Note this is non-refundable.
  - ii. League Team fees will be invoiced, less the \$100 deposit.

### **League Competition Structure**

1. The promotion & relegation shall apply to;
  - a. all competitions except for the U8, U9 and U10 age groups.
  - b. age groups with multiple divisions only.
2. Non-Competitive age groups shall not participate in the Assessment Rounds; however due consideration shall be given to creating even fixtures for the non-competitive age groups. In determining the fixture, the League may take into consideration written submissions from clubs or use the competition management system to review the team's previous playing history.
3. U11's Competition
  - a. The League shall determine the position of teams based on the unpublished results and standings of the previous year.
  - b. Written submissions from clubs may also be considered.
4. The League shall meet at the conclusion of Rounds 1, 2, 3 and 4.
5. At the conclusion of Round 4 the League will review and assess the performance of each team in each competitive age group and division. Adjustments may be made taking in consideration the following;
  - a. The team's performance over the first four rounds.
  - b. Club submission (on the prescribed form)
  - c. Where practicable, division sizes will be not less than 7 teams (8 team draw), and not greater than 12 teams.
  - d. Byes will be eliminated wherever possible providing it does not affect the competitiveness of a team. Where a bye is necessary, it will preferable be allocated to a lower division.
6. The Club Secretary should alert the League in writing of any concerns regarding the placement of their team by no later than the commencement of the 2<sup>nd</sup> round of the assessment period. This will allow the Grading Committee time to observe and monitor any areas of concern.
7. Any movement of teams will be finalised immediately at the conclusion of Round 4. The League shall publish all team movements immediately prior to Round 4.

## Home and Away Season

- The League shall immediately re- fixture competitions effected by promotion and relation
- This will take place after Round 4 and will take effect for Round 5 and beyond.
- Will be based on team performance in the first four rounds

## Ladder Adjustments after Regrading

Where there is a requirement for a team to be regraded to another division, the team shall receive the average of the top 6 teams in that division's points for and against and number of wins/losses/draws/byes/forfeits. The Competition Management System will automatically calculate the percentage once the ladder adjustments have been made.

## PERCENTAGE ADJUSTMENT AFTER REGRADING

A percentage adjustment will be applied to any team that has been regraded into another division or played a regraded team where the final margin is more than 30 points.

### What happens to your percentage?

Percentages will be limited to a maximum 30 point difference. This is calculated by adding 30 points to the losing score in the match.

### Games to which the percentage adjustment applies.

The percentage adjustment only applies in the first 4 rounds to games that:

- Include a team that has been regraded, and
- The winning/losing margin is greater than 30 points.

### Example:

#### Score before regarding Round 1:

Team A 2.6.18 v Team B 10.3.63

Note: Difference is greater than 30 points so percentage adjustment applies

#### Percentage Adjustment Round 1:

Team A 2.6.18 v Team B 7.6.48

The losing team's score was 18, so 30 points is added to that score, which then becomes the winning team's score, in this case  $18 + 30 = 48$ .

## **CLUB TEAM FORMATION**

In accordance with the AFL Australian Football Match Policy the following will apply where clubs have enough players to form two sides in the same age group;

### **U8 – U12 Age Group**

In these age groups the emphasis is placed on participation and enjoyment of the game and providing a structured environment for players to continue to develop their fundamental football skills.

When forming a new team (most likely in the U8 or U9 age groups) clubs may create teams focusing on friendship groups as well as taking into consideration an even spread of;

- player height
- player ability
- player numbers

Once a team is formed players will remain in that team from season to season. Clubs can apply (on the prescribed form) from 1st February for the coming season to their relevant League to move a player from one team to another where the following exists;

- Players are not returning to the team and therefore team numbers are low
- Special family circumstances

Before moving any players or submitting any applications, clubs must ensure that the player and the parents are engaged in the decision-making process and that the League has approved the move.

### **U13 – U14 Age Group**

To ensure that the League can endeavour to provide quality competitions, so all players can develop and enjoy their football, once an initial team is formed (most likely in the U8 or U9 age groups) if 16 or more players from that team register each season those players are to remain together.

In these age groups it is important that players learn how to train and consolidate the basic skills with the introduction of advanced technical and tactical skills including decision-making in games and training. Whilst it is important for players to be given the opportunity to develop their skills, it is also important for players to gain a level of competency in different positions on the field as they progress through the junior pathway.

Clubs can move up to three (3) players without League approval. Clubs must apply to their relevant League (on the prescribed form) from 1st February and get approval for any players to transfer from one team to another over the three (3) player limit before they can move.

Before moving any players or submitting any applications, clubs must ensure that the player and the parents are engaged in the decision-making process.

Any movements above the three (3) players does require League approval before the player moves teams.

### **U15 – U18 Age Group**

Research reveals that while players in this age group agree that winning is fun, they are more concerned with the quality of the competition. To ensure that the League can offer competitive competitions clubs are able to move players from one team to another without restriction to ensure that players are allocated to a team that best suits their skills and ability.

The League would strongly encourage clubs to engage the players in the decision-making process.

### **SANCTIONS**

Clubs who operate outside the criteria outlined in the Club Team Formation section will be considered to be playing an ineligible player and will face sanctions in accordance with by-law 5.9
